

Put the .lib file in *C:\Users\username\Documents\LTspiceXVII\lib\sub*

Put the .asy file in

C:\Users\username\Documents\LTspiceXVII\lib\sym\Opamps

Note: Version XVII reads its data from the
...../Documents/LTspiceXVII/ path when using Windows 10. Even if you
have installed LTSpice at any other location, put the files only at this
location.

If any instance of LTSpice was open during this time, restart to see the
changes.
